

It was lovely meeting and speaking with you this evening. I am so heartened with David and your response and responsiveness.

The Gateway to Hollywood has been a long time in birthing, but this April, after being built several years ago, was finally lit in a lovely community ceremony.

Make sure to come by at night cause that's when it makes it's biggest impact as it changes colors.

I got home this evening to another bill from DWP that I found in my bookkeeper's folder for \$63,000 plus the \$10,000. I also included September's bill for \$44.

I'd certainly would like your help with this.

Let me know if you need additional info from me.

Thank you. Thank you. Thank you.

Catherine,

Two more things:

1. I posted a comment on the councilman's facebook page.
2. What is the length of time that a community group has to pay for maintenance before the city takes over. It's about 4 years if I remember right. Please check it out for me.

Regards,

Merle

Catherine,

Hope you enjoy the picture of the Gateway lit up, because it's the only way you can see it now. DWP has turned it off.

Perhaps you like to have lunch with me at Solar de Cahuenga across the street for the Gateway. I can give you the background and give you the back story.

Meanwhile, can you get to DWP. They need a little attention from the council office.

Unbelievable. We get this lit with no help from the city and now that we have a successful icon, the DWP turns it off due to their own incompetence.

Please Catherine, you are a very nice lady. Please help.

Thanks!!!!!!!!!!!!
